Approved Provider

If you require ADA accommodations, please contact AppleTreeCEU at least two weeks prior to the course so accommodations can be made.

Cancellation – Requests for cancellation must be received in writing by mail ten (10) days prior to the course in order to receive a refund, minus a \$20.00 administrative charge. If the cancellation is made within ten days or less, refunds will not be granted. If you register and do not attend, you are still responsible for payment. In cases of inclement weather where the course is conducted as scheduled but you are unable to attend, you may request a credit to a future course (which expires after one year). AppleTree CEU will not reimburse for incurred expenses related to travel or hotel in the event the course is cancelled by the provider. If for any reason you are not satisfied with the course, please notify the instructor prior to the first morning break and receive a 100% refund.

BLADDER MANAGEMENT

TRANSFORMING INCONTINENCE
TO INDEPENDENCE

OT,OTA, RN, LVN - Continuing Education

Upon successful completion of this course, attendees will learn how to evaluate and treat clients with urological disorders as well as gain invaluable tools to start bladder programs at their facility. The course will start by providing a comprehensive review of the anatomy and physiology as it relates to micturition control. This will provide a solid foundation for understanding why and how to treat clients with incontinence using a holistic approach. After learning evidence based treatments for all forms of incontinence, attendees will participate in a hands on lab learning skills including but not limited to: intermittent catheterization for male and female, male external catheter management and urostomy management.

OBJECTIVES

- Describe the physiology of micturition.
- Define and distinguish the 5 types of urinary incontinence.
- Describe at least 1 non-pharmacological treatment intervention for each type of incontinence.
- Describe at least 3 adaptive tools or assistive technology to increase independence with bladder management and appropriate use of each.
- Name the three categories of urinary catheters and verbalize clinical reasoning for selecting each type.

CEU / CREDIT INFORMATION

Occupational Therapists & Occupational Therapy

Assistants: AppleTree CEU is an AOTA approved provider
- Provider #0000000033. This course qualifies for 6.5 contact hours or 0.65 AOTA CEUs.
