# Ostomy Management

**BASIC CARE AND THERAPEUTIC INTERVENTIONS**

**AOA** American  
Occupational Therapy  
Association  
Approved Provider

AppleTree CEU  
14053 Memorial Dr #144,  
Houston, TX 77079

**JEFFREY DESPOMMIER**  
OTR, OMS, CUA, ATP  
FOUNDER / PRINCIPAL INSTRUCTOR

Upon successful completion of this course, attendees will learn how to evaluate and treat clients with an ostomy. The course will start by providing an overview of the anatomy and physiology as it relates to the urinary and digestive system. This will provide a foundation for understanding why and how to treat clients with fecal and urinary diversions using a client-centered approach. Attendees will learn how to address common skin problems, pouching systems and therapeutic interventions for activities of daily living as it relates to ostomy care.

## Objectives

- Identify the key structures and role of the digestive system.
- Compare and contrast continent and incontinent urinary and fecal diversions.
- Identify different pouching systems and select the most appropriate system for each type of ostomy/stoma.
- Identify common peristomal skin complications and appropriate treatment interventions for protecting the skin.
- Identify occupation-based treatment interventions for each basic activity of daily living as it relates to ostomy care.

## CEU / Credit Information

## Karen Brady, MSN, APRN-CNP

Nursing Program Coordinator

Karen graduated from Duquesne University with a Bachelor of Nursing Degree. She spent the early part of her career working in a variety of clinical settings including the ICU, PACU and ambulator clinics. Karen began to work in the specialty of Colon and Rectal Surgery almost 25 years ago. Dedication to this patient population led her back to school to continue her education.

After graduating from Ursuline College with her Masters of Science in Nursing, Karen began work as a Nurse Practitioner for a busy Colon and Rectal Surgery service
