CONTINUING EDUCATION COURSES

Ostomy Management

TRANSFORMING INCONTINENCE TO INDEPENDENCE

JEFFREY DESPOMMIER
OTR, ATP, OMS, WCC, CUA
Founder / Principal Instructor

Upon successful completion of this course, attendees will learn how to evaluate and treat clients with an ostomy. The course will start by providing a comprehensive overview of the anatomy and physiology as it relates to the urinary and digestive system. This will provide a foundation for understanding why and how to treat clients with fecal and urinary diversions using a client-centered approach. Attendees will learn how to address common skin problems, pouching systems and therapeutic interventions for activities of daily living as it relates to ostomy care. This course is designed to prepare clinicians for the ostomy management specialist certification.

Objectives

- Articulate the role of the digestive and urinary system.
- Examine common causes of ostomy surgery.
- Explain continent and incontinent urinary and fecal diversions.
- Explain the different pouching systems and select the most appropriate system for each type of ostomy/stoma.
- Examine accessories used with stoma pouching systems and explain the indications for their use.
- Explain the common peristomal skin complications and select appropriate treatment interventions for protecting the skin.
- Explain stoma complications and treatment interventions to manage the difficult stoma.
- Implement occupation-based treatment interventions for each basic activity of daily living as it relates to ostomy care.
- Articulate the steps for colostomy irrigation and ileostomy irrigation.
- Articulate the basic care principles for enteral tubes.
- Explain the pouching principles for the pediatric population.
- Demonstrate all the steps for donning and doffing a 1-piece and 2-piece pouching system.
- Demonstrate the crusting technique for denuded skin.
- Demonstrate patient teaching for donning and doffing pouching system as well as basic skin care.
- Demonstrate patient teaching for ostomy care pre and post surgery.

Exam Eligibility

Before signing up for this course, please visit nawccb.org to make sure you meet the criteria to sit for the OMS board certification exam.

Karen Brady, MSN, APRN-CNP

Nursing Program Coordinator

Karen graduated from Duquesne University with a Bachelor of Nursing Degree. She spent the early part of her career working in a variety of clinical settings including the ICU, PACU and ambulator clinics. Karen began to work in the specialty of Colon and Rectal Surgery almost 25 years ago. Dedication to this patient population led her back to school to continue her education.

After graduating from Ursuline College with her Masters of Science in Nursing, Karen began work as a Nurse Practitioner for a busy Colon and Rectal Surgery service
